

# Euthanasia Options & Pricing

**The hardest thing a pet parent will ever face is watching their beloved pet's health deteriorate.**

Having to make the decision to euthanize can be a very traumatic experience for both the beloved pet and for the family.

Many pets, and pet parents, are anxious and rushed at the vet office. Then the vet will send your beloved pet to a third party for cremation. Return of ashes can take weeks. **At Pet Passages we do not transfer your pet to anyone else. Your pet will stay with us through the whole process and ashes will be returned within 3 business days.**

Pet Passages can provide euthanasia services at your home or at Pet Passages. At Pet Passages we've created a loving, peaceful, calm and safe environment. It is perfect for your private and personal care.

Our Doctors are the most compassionate individuals, skilled and able to help you assess the right time in every situation. At Pet Passages there is no rush. You can stay with your beloved family member for the final goodbye while they cross the Rainbow Bridge. Our procedures are the most loving and dignified available. For more information or to schedule an appointment, please call our office at 704-628-5052.
